

To Join & Communicate on the ARNNE Discussion Forum

There are two easy ways to participate in our ARNNE Discussion Forum.

Click on "Join this Group" from the ARNNE home page, or send an email to alumrockneighborhoodnetwork-subscribe@yahoogroups.com from the email account you want to use. Just follow the instructions. When you do this you will receive an email asking you to confirm your desire to join. When you click on the provided link, you can either:

1. "Join the ARNNE Group", by clicking on "Join the Group".
 - a. You'll need a Yahoo Group ID (and email address that comes with it). It is free.
 - a. This lets you receive the emails from the group and send emails to them
 - b. You can elect to receive each day's emails combined into a single email (a Daily Digest)
 - c. You have access to the group's web tools and features and benefits such as the archived list of messages, database (with lots of useful info in it), files, attachments, and the group's events calendar.
2. Subscribe to ARNNE Discussion Forum "Mailing List", by clicking on "Join the mailing list instead."
 - a. Note that while this does let you receive the emails from the group and send emails to them, you do not have access to the additional really useful features and benefits that come from joining the group.

To Post a message (3 ways to do it):
